A Level French *Activity 2*

One of the benefits of studying a Modern Foreign Language is that travelling to another country suddenly becomes much easier! French is spoken in 27 countries and found on every continent across the globe; it's not only France where you will find native French speakers!

At HNC we have recently returned from a residential trip to Paris where we were lucky enough to explore the sights and landmarks of one of Europe's most famous cities. You can gain a flavour of our trip by watching this virtual tour around the Louvre!

Do some research and make a list of the things in French that you'd like to see in Paris and explain why – include a travel itinerary for a four-night trip, thinking about how you will travel around the city, which landmarks you would like to visit and which restaurants you would like to dine in.

Extension: think about another French speaking country and write a short discussion piece about why you would like to visit the country
