## A Level French *Activity 3*

### Keep a French diary

Our languages skills improve if we use them every day. In this activity, we are asking you to think and write in French by keeping a small diary over the summer holidays. Whether these diary entries document a family holiday or interesting day trips, or perhaps it could document a summer job, write a daily paragraph in French. You may wish to consider talking about who you have spent time with, what foods you have eaten and whether the weather lived up to expectations! Try to use the Passé composé if possible (what you **did** that day).

*Eg: this morning I got up late but I had gone to bed at 11 because I went out with my friends  
ce matin je me suis levé assez tard mais je m'étais couché à 11 heures car je suis sorti avec mes amis*
