Applied IT *Activity 2*

Trip Advisor

In this activity you are to explore opportunities for day out during the summer holiday, making social media to plan the away day. This activity may give you a fun day out, however, it will give you an insight into the importance of social media for businesses and consumers. Trip advisor is a great social media website for viewing travel and destination related information and will help you to review things to do, places to eat and places to stay.

Using Trip Advisor and/or other social media sites, based on social media posts and ratings, plan your day out:

- Decide on a destination
- Decide on your mode of transportation to and from the destination
- What will you do in the morning?
- Where will you eat at lunchtime?
- How will you spend the afternoon?
- Summarise what attracted you to the visit. Is it feasible for you to complete your plan after talking with your parents/carers?

When you join us in September, we will ask students to share any enrichment activities they experienced.
