A Level Mathematics – *Activity 2*

Mathematics develops logic and problem-solving skills, which will be with you throughout your time studying, your career and life problems. Here is a selection of mathematical investigations from the Mr Barton Maths website. You can select any (or all), of the 30 puzzles from the list.

<https://mrbartonmaths.com/fun/puzzles.html>

The aim is to progress towards a solution, showing logical steps and good mathematical communication and presentation.
