A Level Media Studies – Activity 2

Previously within the course, students have had the opportunity to visit the Harry Potter Warner Brothers Studios Tour in London.

During Year 12, we learn about the Hollywood industry, large conglomerates and their subsidiaries and how Hollywood produces, distributes and exhibits their films to control the world film market!

For this activity, try to name as many things associated with each of the large companies below. This is a good task to indicate just how massive the scale of large Hollywood companies is.
