

## A Level Spanish *Activity 3*

Our languages skills improve if we use them every day. In this activity, we are asking you to think and write in Spanish by keeping a small diary over the summer holidays. Whether these diary entries document a family holiday or interesting day trips, or perhaps it could document a summer job, write a daily paragraph in Spanish. You may wish to consider talking about who you have spent time with, what foods you have eaten and whether the weather lived up to expectations! Try to use the Preterite tense if possible (what you did that day).

E.g., this morning I got up late but I had gone to bed at 11 because I went out with my friends esta mañana me levanté tarde pero me había acostado a las 11 porque salí con mis amigos
